

PROJECT EXPERIENCE

NEW AE CORPORATE OFFICE *AE ELECTRICAL SOLUTIONS, FRANKFORT, KY*

Denham-Blythe designed and transformed the shell of an existing distribution warehouse into turnkey office and production space over a 10 month period. The interior layout features 27,000 sf of first floor office space, a conference room, kitchen/break room and industry-related shop space. The newly-constructed 7,000 sf second floor was designed to provide space for training, storage and an additional conference space.

- Weld shop
- Panel shop
- Paint booth
- New exterior cladding
- Front/rear employee parking
